Video File Downloads Per Artist Purchased

Video File Downloads Per Artist Purchased

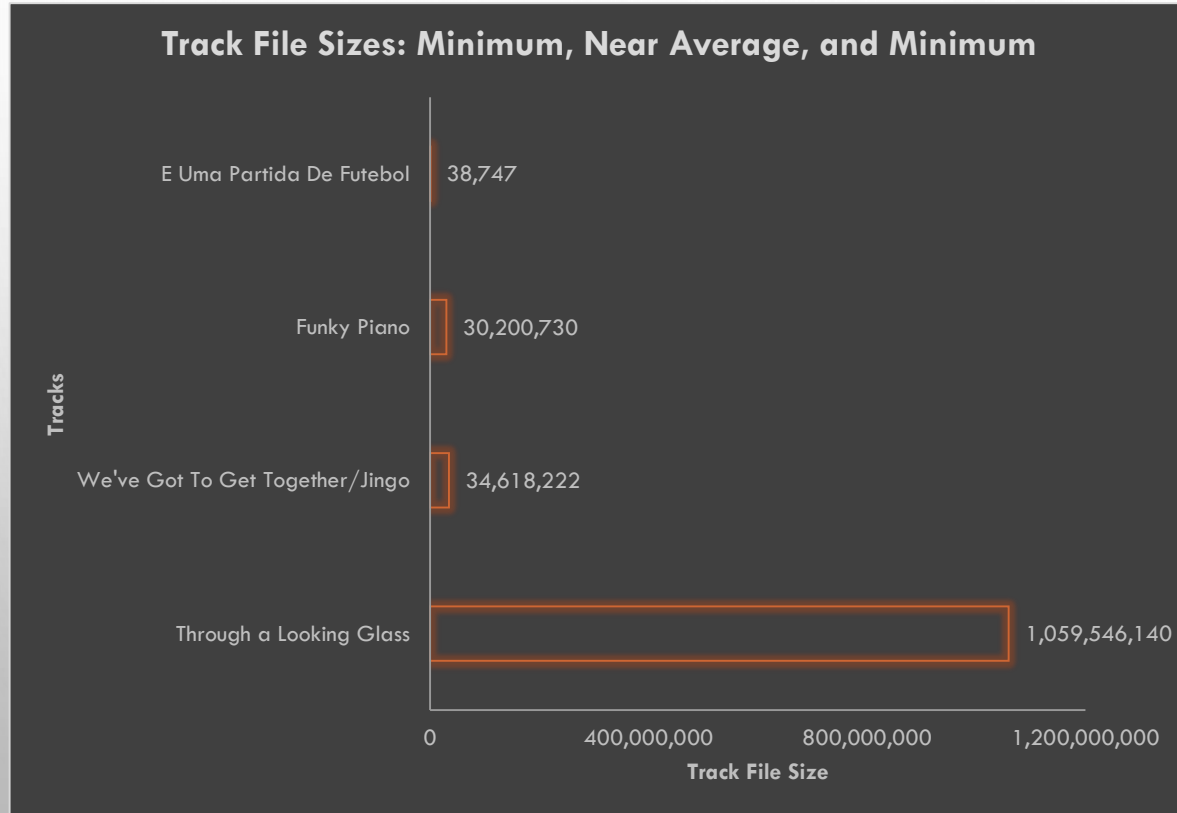

The television show *Lost* is downloaded the most for purchase by protected MPEG-4 video file at 41, followed by the TV show *The Office* at 25 downloads. *Battlestar Galactica* (Classic), *Battlestar Galactica*, and *Heroes* have similar number downloads in the teens.

Top 10 Sales Total by Genre

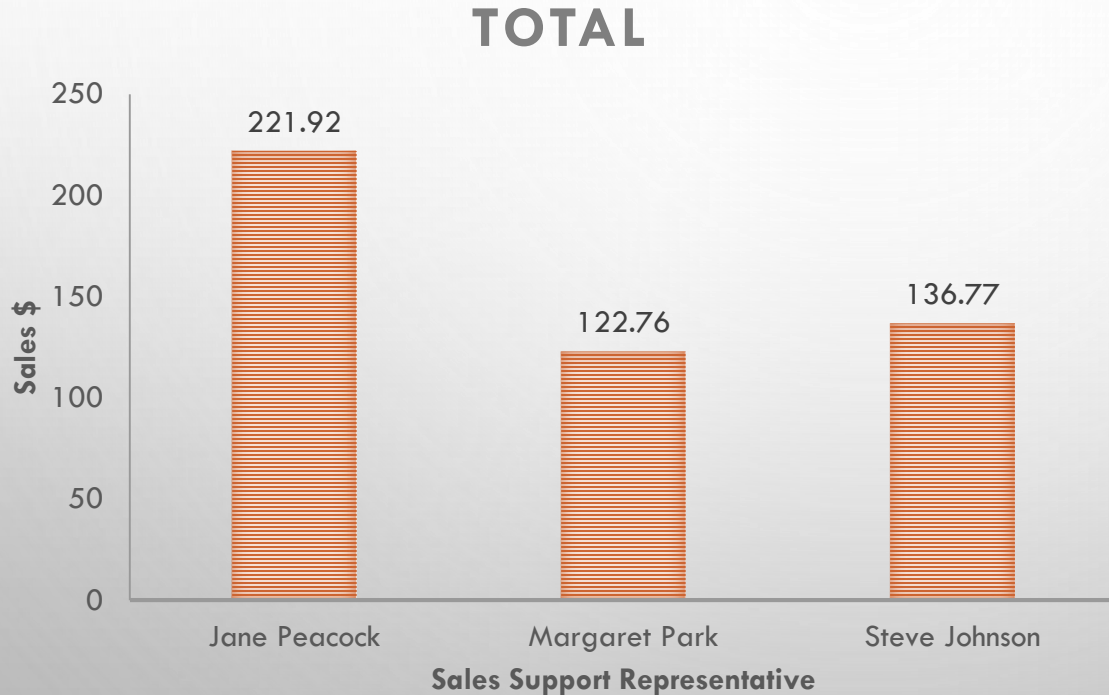

The chart shows the top 10 sales total by genre. Out of the top 10; Rock, Latin, Metal and Alternative & Punk genres are the categories, or genres that attract the most sales. The Rock genre attracts by far the most sales at \$826.65 followed by Latin at \$382.14.

Track File Sizes: Minimum, Near Average, and Maximum

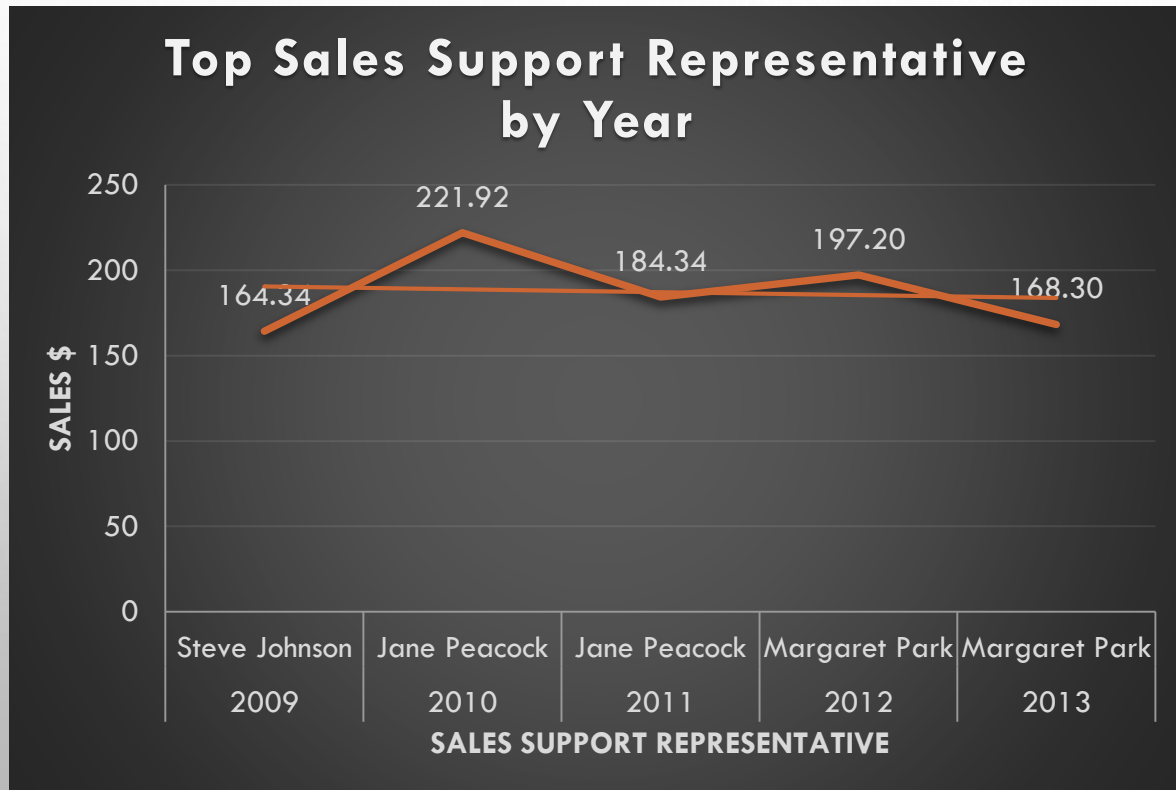

Looking at the each tracks file size; the largest track is Through a Looking Glass, the smallest is E Uma Partida De Futebol. The tracks closest to the average are We've Got to Get Together/Jingo and Funky Piano. Largest and smallest tracks would be outliers in a data set. The video files are larger than audio files, which makes sense this file type would by the largest.
